Dear Ms. Lajewski:

Enclosed is the Department of Elementary and Secondary Education ("Department") Approved Special Education Schools Mid-cycle Review Final Report based upon the Mid-cycle Review conducted in your approved special education school programs in January 2020.

This report includes detailed findings describing the determinations of the Department about the implementation status of each requirement status of selected Mid-cycle Review criteria as well as implementation of new state or federal special education requirements enacted since your programs' last Program Review. Please note that all requirements were found to be fully implemented; therefore, the Department does not need to order a corrective action plan.

At this time, the Department requests that you upload a separate statement signed by you and the Chairperson of your Board of Directors which describes the steps the programs are taking to make the findings of the Department available to staff, parent groups and the general public. Please go into the WBMS and upload your programs' statement that has been signed by you and the chairperson of your Board of Directors into Additional Documents no later than March 18, 2020. You can do this by accessing: > MCR > Self-Assessment > Additional Documents.

The approval certificates enclosed with this correspondence shall remain in effect until August 31, 2023, and will be contingent upon continued compliance with all regulations contained within 603 CMR 28.00 "Special Education Regulations," 603 CMR 18.00 "Program And Safety Standards For Approved Public Or Private Day And Residential Special Education School Programs," and 603 CMR 46.00 "Prevention of Physical Restraint and Requirements If Used." The Department may change this approval status at any point during this three-year period if circumstances arise that warrant such a change.

Please be advised that the attached Department Approval Certificates must be conspicuously posted in a public place within the programs as required by 603 CMR 28.09.

The Department will notify you of your programs' next regularly scheduled Program Review several months before it is to occur. At this time we anticipate the next routine monitoring visit to occur sometime during the 2022-2023 school year, unless the Department determines that there is some reason to schedule this visit earlier.

In closing, we would like to extend our thanks to the administration and staff who shared their time and thoughts so generously during the preparation and onsite phases of the visit. Should you require any additional information, please do not hesitate to contact the Onsite Team Chairperson.

Sincerely,

Jannelle Roberts, Mid-cycle Review Chairperson
